ACCESS ROAD**

NAVARRE COMMUNITY ACCESS ROAD PROJECT DEVELOPMENT AND ENVIRONMENTAL (PD&E) STUDY PUBLIC KICK-OFF MEETING

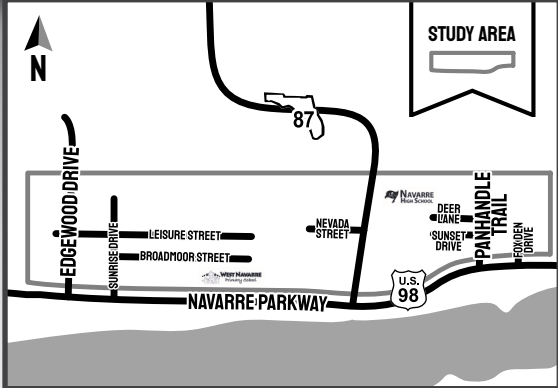

YOU'RE INVITED

 **THURSDAY
FEBRUARY 15, 2024**

 **5:00 – 7:00 P.M.**

 **TIGER POINT
COMMUNITY CENTER
1370 TIGER PARK LANE
GULF BREEZE**

**FINANCIAL PROJECT ID NUMBER:
451735-1-24-01**

PROJECT INFORMATION

Santa Rosa County is undergoing a Project Development and Environmental (PD&E) Study for a Navarre Community Access Road. There is a need to create an east-west connector as a parallel route north of U.S. 98 due to overflow during peak traffic periods. The proposed access road will provide connectivity between existing collector roads with a consistent corridor from Edgewood Drive on the western end to Panhandle Trail on the eastern end with U.S. 98 as the southern boundary.

The PD&E Study will consist of developing and evaluating alternative roadway alignments and determine a preferred alternative that will enhance safety and provide system connectivity. The proposed new road will include pedestrian and bicyclist features.

During the PD&E Study, an analysis will evaluate the social, economic, cultural, natural, and physical effects of the alternatives. A Location and Design Concept of the project will be developed in accordance with Santa Rosa County and FL Department of Transportation policy, procedures, and requirements. Proposed improvements will support all modes of transportation including roadway capacity, bicycles, and pedestrians. Project limits may be adjusted based on the findings of the PD&E Study.
